

REQUEST TO ATTEND THE VIRTUAL IP UTILITY SAFETY CONFERENCE & EXPO

Dear _____,

I am requesting funding to attend the Virtual ip Utility Safety Conference & Expo from November 17-19, 2020. This event is the utility industry's leading event for utility safety, fleet and operations professionals, featuring three days of educational sessions led by industry experts and exhibits all related to utility safety.

The education sessions and exhibits focus on many of the key issues we're experiencing in our company and offer the following education topics I know will be of benefit to us:

- Hazard Identification
- Human Performance
- Incident Prevention
- Grounding
- Leadership
- Standards & Operations
- Arc Flash Awareness
- And more!

I am particularly interested in attending the following virtual sessions:

- 1) _____ 3) _____
2) _____ 4) _____

I am confident this conference will provide ample digital networking opportunities with peers, industry experts and potential customers. We will receive a high return on the investment by implementing proven strategies, practices, and work methods learned at the conference. The conference also provides a unique opportunity to gain insight on any issues or challenges we are currently facing.

The full price for the conference is \$899 for Non-USOLN members and eliminates the hassle and costs of logistics associated with in-person conferences. The registration cost can be reduced to \$699 if I become a member of the Utility Safety & Ops Leadership Network (USOLN) for \$155.

Thank you for your consideration of this opportunity, support of my personal and professional development, and commitment to the safety and health of our employees and success of our organization.

Sincerely,
